

Solutions that work for your business.

WE HELP YOU WITH U.S. DISTRIBUTION AND FDA APPROVAL FOR YOUR PRODUCTS

At Florida Medical Sales, Inc. we currently do business with all the major medical distributors in the United States. We are setup as an approved vendor throughout their distribution channels, and also meet the required product liability minimums. FMS will simply add your product to our current product offerings, and you will be able to start selling products. It's that simple !

flexible solutions for your business needs

PRODUCT MANAGEMENT

Whether you need help managing the launch of your product or simply need an introduction into the U.S. Market, FMS can help. Our years of experience will help fast track your product in the United States.

MARKETING MANAGEMENT

Marketing programs can be created to help launch your product into the world of medical distribution. Our team can get your products to the market place quickly with programs that promote your products through our distribution partners.

CUSTOM SOLUTIONS

We can tailor a program that meets your needs to help distribute your products in the United States.

FDA REGISTRATION SOLUTIONS

We work with various agencies to expedite your products FDA Approval. Whether you need a 510k clearance or simply a registration, we have the team in place to help you through this process. This process typically takes only 90 days.

DISTRIBUTION SOLUTIONS

We introduce your products to our distribution partners nationwide to give you quick access to the healthcare channels in the United States.
